Ten Commandments of Motherhood.

1. Thou shalt not spank nor inflict corporal punishment in any of its forms.
2. Thou shalt not scold.
3. Thou shalt not administer any re-buke while feeling anger toward thy child.
4. Thou shalt not require more of thy child than of thyself.
5. Thou shalt not speak discourteously to thy child.
6. Thou shalt not lie to thy child, neither break thy promises, nor deceive.
7. Thou shalt not waste thyself upon the effort to destroy evil tendencies and wrong activities in thy child, but shalt remove temptation from him, and cultivate his virtues and his righteous activities.
8. Thou shalt not curtail thy child's liberty, but shall insist that he respect the liberty of all others, even as his is respected.
9. Many hours shalt thou labor with thy child and do all thy work, dressing him, feeding him, teaching him, amusing him; but for one hour out of every seven waking hours shalt thou let him alone, and bother him not, neither thou nor thy husband, nor thy nursemaid, nor thy friends, nor thy relatives, nor any that are in thy house. For in that hour shall the Lord come unto him.
10. Thou shalt not force thy child in any respect, neither physically, mentally, nor morally. Thou shalt not force obedience, for forced obedience is not righteous; but thou shalt gently lead thy child along the way that he should go, having first passed over the road himself.—Mothers' Journal.

Mr. Vernon.—S. H. Martin has purchased the residence of U. G. Baker and expects to move to Mt. Vernon within the next few months. Perkins, of the Southern part of the county, and a good, substantial citizen, died after many months' illness of consumption. Forrest Coffey, of near Wildie, has just completed his second reading of the whole of the New Testament. Miss Vinnie Adams, daughter of Judge J. T. Adams, and Sheriff R. L. McFerron were married last night, Rev. Briscoe, of the Baptist church, officiating. They left on the night train for Knoxville to spend their honeymoon. Only a few close friends and relatives were present, and to their many friends their marriage comes as a surprise, as no announcement was made and it was not expected so early.—Mt. Vernon Signal.

Stomach Cure For Cold.

It may seem queer to you, that most colds begin in your stomach; but it's true. Many a weak stomach, chronic indigestion, obstinate constipation, etc., weaken you all over, and make you an easy prey to any disease that may be stalking around. To cure a cold, take a good dose of Dr. Caldwell's (laxative) Syrup Pepsin, a hot bath, and a good night's rest. To prevent colds, keep your digestion in good order with Dr. Caldwell's (laxative) Syrup Pepsin. Quick relief for constipation, biliousness, etc. Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1. Money back if it fails.

The idea of making another county in Kentucky is ridiculous. This was tried at a recent session of the Legislature. The bill was passed, and its name was Cripps! But the great statesmen who put it through didn't know a compass from a custard. When the surveyor put his line to it they found that it took off a slice of Ohio, including a county courthouse. How thoughtful! Kentucky has 119 counties; Tennessee has only 96; Indiana, 92; Pennsylvania, 67; New York, 61; Ohio 68 and other States in proportion, yet we hear of no movement to erect a new county to gratify somebody's vanity except in ring ridden Kentucky—Murray Ledger.

A Bargain.

If you wish to buy a bargain, all you have to do is get a bottle of Dr. Caldwell's (laxative) Syrup Pepsin, and use it at the least sign of headache, dizziness, constipation, biliousness, indigestion, etc. This small investment will be the best bargain you ever bought, for it will bring you health at a nominal cost. Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1. Money back if it fails.

Up in Connecticut has been found a game little man. While he is a featherweight, weighing only 120 pounds, he has married a buxom lass who knocks the beam at 408 pounds. His name is Charles Harang and her name is Mary Ann Plumb. She is not a "greenhouse" or a "wild goose" plum, but a Plum(b) of the mammoth variety, and he is Plumb full of matrimony. Mr. Plumb, the father, had offered \$2,000 to any man who would marry his daughter.

Ninety-five years ago was the year without a summer. Frost occurred every month in the year 1811. Ice formed a half-inch thick in May. Snow fell to the depth of three inches in New York, and also in Massachusetts, in June. Ice was formed of the thickness of a common window glass throughout New York on the fifth day of July. Indian corn was so frozen that the greater part was cut in August and dried for fodder, and the farmers supplied themselves from the corn produced in 1815 for the seed of the spring of 1817.

A Thousand Dollars Worth of Good.

A. H. Thurnes, a well-known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years, passing gravel and stones with excruciating pain. I got no relief from medicine until I began taking Foley's Kidney Cure, then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and I feel like a new man. It has done me \$1,000 worth of good." Penny's Drug Store.

A number of Atlanta citizens, headed by John Temple Graves, editor of the News, have started a movement to celebrate in Atlanta, January 19, 1907, the centenary of the birth of Gen. Robert E. Lee. A puzzling problem of the many that confront us in this progressive age of successful electrical wireless transmission of messages and telegraphy is the correct accounting for man's taste in flowers. The world remembers the red carnation as the favorite of our late President McKinley and many of our Senators and cabinet members have pronounced colors for boutonniere, but why the violet is the favorite of our hustling live stock dealer, D. C. Allen, is a question now being often asked by his host of friends. Will he please advise them?
